

Assignment #4: Visualization Critique

Task:

- a) Select 1 visualization (clearly note the source), use the principles and techniques that we discussed in the course to critique it.
- b) Write the critique in 1 page, visualization and citations can be appended as extra pages.
 - Who are the audience?
 - Where is the data source?
 - Strengths and weaknesses?
 - What are your opinions?
 - How would you design it differently?

Note: Do not use visualizations that others have critiqued or that appear in Few, Tufte, or other infovis texts or blogs.

Evaluation: Visualization selection (10%), Questions & Answers & Originality (50%), principles, techniques & citations (35%), satisfy the submission criteria (5%).

Bonus: (1) you may add additional 1 page to critique 1 of your visualizations from past 3 assignments and provide solutions to improve (must be something hasn't been criticized yet) (2pt); (2) Implement to improve the visualization based on the critique (3pt)

Submission:
